

## [BlueSnap detail settings guideline](#)

If your BlueSnap account is not created through BlueSnap Autodesk Partner page please follow the following steps to configure your BlueSnap account.

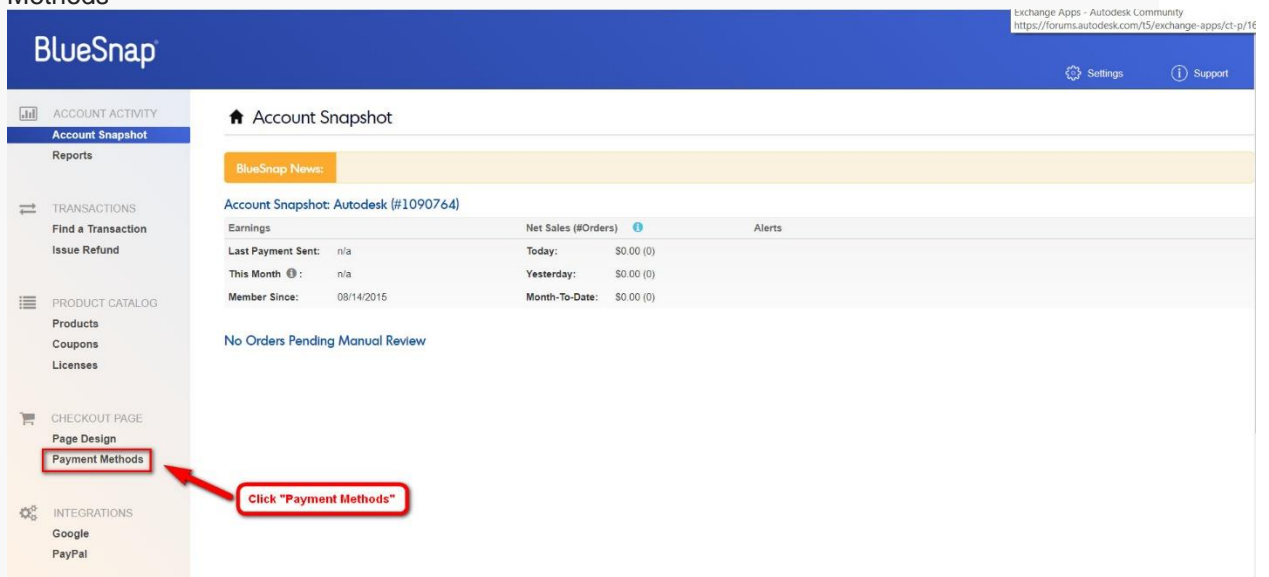

Get started in 2 steps:

- [Configure your account.](#)
- [Configure your BlueSnap settings on Autodesk App Store.](#)

### 1) Configure your BlueSnap® account settings

These instructions will help you set up your BlueSnap Console to work with the Autodesk App Store. You may configure while in test mode or production mode.

- Login to your BlueSnap Console, [https://cp.bluesnap.com/jsp/developer\\_login.jsp](https://cp.bluesnap.com/jsp/developer_login.jsp).
- Configure your purchase flow encryption and settings
  - Click "Payment Methods"

The screenshot shows the BlueSnap console interface. The left sidebar contains a menu with categories: ACCOUNT ACTIVITY, TRANSACTIONS, PRODUCT CATALOG, CHECKOUT PAGE, and INTEGRATIONS. Under CHECKOUT PAGE, 'Payment Methods' is highlighted with a red box. A red arrow points from a callout box labeled 'Click "Payment Methods"' to this box. The main content area shows an 'Account Snapshot' for Autodesk (#1090764) with a table of earnings and sales data.

Earnings		Net Sales (#Orders)	Alerts
Last Payment Sent:	n/a	Today:	\$0.00 (0)
This Month ⓘ :	n/a	Yesterday:	\$0.00 (0)
Member Since:	08/14/2015	Month-To-Date:	\$0.00 (0)

- Create your Data Protection Key (Important: You need to copy this key to your "Publisher Corner" page on Autodesk App

Store)

The screenshot shows the BlueSnap Merchant interface for "Merchant (# 1090764) Payment Methods". The page title is "Merchant (# 1090764) Payment Methods" and it includes a "Submit" button. A red box highlights the "Optional BuyNow Settings" section, specifically the "Data Protection Key" input field. A red arrow points from this field to a red box containing the text "Define your Data Protection Key". Below this, the "Payment Methods" section lists various payment options with dropdown menus to show or hide them:

- Card Payments: Show (All card brands and types enabled)
- Visa Checkout: Disabled by BlueSnap
- MasterPass: Show
- Apple Pay: Disabled by BlueSnap
- Google Pay: Hide
- PayPal: Hide (Please configure your PayPal Settings in order to enable this feature)
- Local Bank Transfer: Show

- Choose the payment methods you want to support.

This screenshot shows the same "Payment Methods" settings page but with more options visible. The "Data Protection Key" field is still present at the top. The "Payment Methods" list includes:

- Card Payments: Show (All card brands and types enabled) [Modify](#)
- Visa Checkout: Disabled by BlueSnap
- MasterPass: Show
- Apple Pay: Disabled by BlueSnap
- Google Pay: Hide
- PayPal: Hide (Please configure your PayPal Settings in order to enable this feature)
- Local Bank Transfer: Show
- Wire Transfer: Show
- Real-time Bank Transfer: Show
- Electronic Check (ECP): Show (Only for USA)
- Skrill (Moneybookers)/credit card: Show
- PaySafeCard: Show

- Check "Use Automated Subscription Reminders for my subscription contracts" and choose "Use BlueSnap Automated Subscription Reminders emails". (This is optional only if you want to publish subscription

apps.)
